## MENDELSSOHN CLUB HAS BANQUET AND RECITAL

Musical Organization of and For Kingston Shown as Having Envious 20-year Record and Going Stronger Than Ever—Annual Concert in May.

The Mendelssohn Club, which for the past twenty years has provided its friends with a complimentary concert that has been the musical treat of the year, held a banquet and recital Monday evening at the Elks' Club House on Fair street which was attended by sixty of the active and associate members and furnished one of the most pleasant gatherings in the history of the club.

During its existence of more than twenty years the Mendelssohn Club has worked quietly to keep alive an active interest in musical matters and is the only musical organization in the history of Kingston whose career has extended over a period of more than a few seasons or which has had more than an ephemeral popularity. During that period it has produced innumerable soloists of ability whose reputations in many cases have extended beyond the bounds of the club's activities, and Kingston during that time has had hardly a male singer of note who was not a member of the club.

Once each year in twenty years the Mendelssohn Club has furnished its friends in Kingston with a concert of surpassing brilliancy, except one year, 1918, when on account of the World War conditions the complimentary concert was omitted. The concert given by the club have been without expense to the friends whom the club members have invited to share their musical feast, but the actual cash expenditure during this period in bringing the best music to Kingston has amounted to a total of \$8,000. Not a penny of this amount has come back to the Mendelssohn Club as dividends or earnings, but this money has been given freely, and the only return has been the sufficient satisfaction of a work well done.

A total of sixty-five artist soloists of the highest rank has been brought by the Mendelssohn Club before its friends in the twenty years of its complimentary concerts, in addition to the club's own concert numbers. Many of these artists already were famous when they came here to participate in the Mendelssohn Club concert and others achieved fame later in their careers. In no case has the club secured anyone of mediocre ability.

Monday night's assemblage of active and honorary members was the first of its kind which the club has had, and was for the purpose of renewing old friendships and getting acquainted with new members. A turkey dinner served in the unexcelled style of Tony Kohl was an unexpected treat which would have been difficult for anyone to resist, but nobody tried. The dinner, like everything else connected with the Mendelssohn Club, was a success.

Preceding the banquet the club sang several of the choruses which it has rendered at its concerts in recent years, and throughout the dinner popular songs were sung by all the members under the leadership of Harry P. Dodge, who for several years has been director of the club, with Harry Malsenheider at the piano. Afterward the club sang several famous choruses of classic composition which were highly appreciated by the associate members of the club. In addition to which Prof. Dunbar of the high school faculty gave several whistling solos with guitar accompaniment, and Tommy Dolan entertained with several vocal selections.

An attractive feature of the evening was also the radio-phon exhibition given by McNeill Brothers under the personal direction of Joseph McNeill. The radio apparatus was tuned up to receive the concert programs broadcast from Schenectady, New York, Jersey City, Springfield, Mass., Detroit and Pittsburgh, all of which were heard with a distinctness and clarity that delighted everyone.

The only speechmaking of the evening was a brief introductory given by Harold S. Brigham, president of the club, who referred to the coming complimentary concert in May, which will be the nineteenth to be given by the club, on the twentieth anniversary.

Mr. Brigham also reviewed the history of the club's activities since its organization twenty years ago. Of the fourteen members in 1903, four are still active members. They are Dr. C. H. Bishop, who was the first president; Elmer A. Burger, who has served both as librarian and as president; Dr. A. L. Hill, who was responsible for the refreshments Monday evening, and ex-President Christopher R. Loughran. Of the present associate members, Charles W. Dennis and Frank R. Powley were among the first members.

Other active members who have most faithfully held their places for fifteen years or more are Arthur G. Carr and Walter J. Weeks, since 1905; ex-President Frederick C. Tracer, since 1906; and Dr. E. E. Henry, since 1908. Associates who have retained membership for fifteen years or more are the Hon. A. T. Clearwater, the Hon. Joseph M. Fox, Jr., Weston H. Rider and Hon. Frederick Stephan, Jr. Other members have served just as faithfully for shorter periods, said President Brigham, and to the untiring efforts of all these true-hearted men who have been weighed in the balance of time and found good and faithful, is due the past and present prosperity of the club which today has the largest membership in its history.

"So, with such an excellent record,

## NEW INDUSTRY IN KINGSTON

Company Already Making Varied Line of Rope and Cable on East Strand—Will Exhibit at Auto Show.

The Kingston Rope and Cable Company, of which Charles H. Woodruff, Charles C. Weirbach and Andrew M. Taylor are the incorporators, a Kingston's newest industry, the company has leased the entire second floor of the McMillan & Hale building, 46 East Strand, all of which there are several rooms all of which with the exception of one which will be the office, are to be used for manufacturing and shipping purposes. The rooms being well lighted it will make an ideal place for light factory purposes.

The complete line of the products will be an auto show line thirteen feet long of three ton tensile strength, an auto truck tow line of six ton tensile strength, kiddie jumping ropes, hay ropes, clothes lines, tent ropes, all nonstretchable and very pliable. The auto tow line and the truck tow lines are woven with pure manila fibre which cushions a steel wire cable. The jumping ropes have handles of bound thin rope instead of wooden handles so the children cannot hurt one another by hitting them over the head and there is no danger of breaking of glass. The company will also manufacture non-stretchable and non-burnable fire escape ropes. The tow-lines for autos are pliable, easily to adjust, non-shrinkable and one can be rolled up easily so that they fit into the auto tool box or pocket inside of an automobile door. So far about 15 machines have been installed and there will be ten more. On special order truck tow lines will be made twenty-five feet long that are very often found necessary to pull an automobile up an embankment. So far a few have been sold in this vicinity, but several gross of the "Kingston Auto Tow Line" have been shipped to Boston.

The products of the Kingston Rope and Cable Company will be displayed at the auto show at the armory.

## CLASH COMES ON ULSTER FRONTIER

By Telegraph to The Freeman.

Belfast, March 21.—Another wave of violence rolled along the Ulster frontier today. Armed Orangemen and Sinn Feiners clashed at numerous points.

Raiders attacked Glen Green Lodge in County Donegal, but the owner, John Allingham, a Unionist leader, and his tenants stood off the attackers.

A special constable was killed in a clash with Republicans.

A wave of incendiary has swept Belfast.

## DIGGING IN ON ULSTER BORDER

By Telegraph to The Freeman.

Belfast, March 21.—Following the outbreak of guerrilla fighting along the Ulster boundary over the week-end, a state of trench warfare was threatened today. Both the Orangemen and Sinn Feiners have been digging in all along the line. Each side is heavily armed.

Although war is threatened between the Irish Free State and Ulster, the British government will not intervene except as a last resort.

The British government is apprehensive over the outlook and is urging the most careful measures on the part of Sir James Craig, the Ulster premier and Field Marshal Sir Henry Wilson, commander in chief of the Ulster Volunteers.

While the government is loath to interfere, it is hinted that British troops will take over the disputed territory unless there is a peaceful settlement.

The Belfast carriers have gone on strike declaring that they are risking their lives daily by working in bullet-swept streets.

## CONFERENCE MURDER

By Telegraph to The Freeman.

London, March 21.—Harry Jacob, a scullery boy, has confessed the murder of Lady Alice White, according to Scotland Yard today.

## DAYLIGHT SAVING HEARING TONIGHT

The common council will take action at the session tonight on an application of Wortman & Ritch for the privilege of running passenger auto business through the city streets on their proposed line between Binnewater and this city. The custom has been to grant such applications and refer them to the State Public Service Commission for final action.

Tonight is also the night for the public hearing by the council on the daylight saving ordinance and a large attendance of citizens is expected.

## THIRD RAID ON TERPENING'S PLACE

Headed by Chief Wood Monday afternoon at 2 o'clock Sergeant Hanley and Officers Enright, Camp and Sime Wood made a raid on the saloon of Charles D. Terpening, corner of Foxhall and Hasbrouck avenues, armed with a seek and seizure search warrant issued by County Judge Joseph M. Fowler.

They searched the rooms in the building and seized three gallons of alleged hard cider, 25 bottles of home brew beer, a couple of bottles of alleged whiskey and a couple of bottles of alleged wine.

Pending an analysis by the chemists employed by the district attorney's office no arrest was made.

This is the second visitation by the police and seizure at Terpening's place, which was also raided by the Federal prohibition men several months ago.

## MAINE ELECTION RESULT SATISFACTORY TO ALL

By Telegraph to The Freeman.

Washington, March 21.—Both Republicans and Democrats are well "satisfied" with the results of the special congressional election in Maine, in which the Republicans won by a plurality estimated at 6,000, their chief spokesman said today.

"The returns show," said Cordell Hull, chairman of the Democratic national committee, "that we cut down the Republican majority by 40 per cent. Considering the fact that the third Maine district is Blaine's old home and a rock-ribbed Republican stronghold, I consider the result very satisfactory. Also, the Republicans there had the benefit of organization and money, while we were handicapped to some extent in that direction."

John Adams, chairman of the Republican national committee, was equally "satisfied."

"The vote was light," he said, "and we won by a substantial majority. We are well pleased."

## BRITISH TAKE HAND IN ULSTER BORDER SQUABBLE

By Telegraph to The Freeman.

London, March 21.—The British government today intervened to prevent war between the Irish Free State and Ulster Province.

Sir Laming Worthington-Evans, secretary of state for war in the British cabinet, announced in the House of Commons that the military garrisons in the north of Ireland were being strengthened and that efforts were being made to restore order in Ulster. The seat of disturbance is the southern frontier of Ulster, where two armies of Orangemen and Republicans face each other.

## USUAL CHAUTAUQUA AT SAHLE'S THIS SUMMER

Plans are under way for the metaphysical Chautauqua to be held at the Dr. C. O. Sahler Sanatorium from July 9 to August 6, and during that time there will be the usual addresses, classes, entertainments, etc., conducted by a number of the best well known lecturers and artists, who have already been engaged for that period.

A program giving the names of the speakers, will be announced later.

## TRIES TO KILL CHINESE MINISTER TO FRANCE

By Telegraph to The Freeman.

Paris, March 21.—An attempt was made to assassinate the Chinese minister to France last night, it was learned this afternoon from the police.

Police were quickly on the scene and the would-be assassin was arrested. He said he was a Chinese student. The crime is attributed to political motives.

## U. S. TROOPS WITHDRAWAL PLEASING TO GERMANS

By Telegraph to The Freeman.

Berlin, March 21.—The German press expressed high satisfaction today over the announcement that the American army of occupation will be withdrawn from the Rhine at once.

"It is a new American step towards world peace," said the Berliner Volks Zeitung.

## WIDFELDT ACCEPTABLE HERE

By Telegraph to The Freeman.

Berlin, March 21.—The American government has notified Germany that Herr Widfelde is acceptable as German ambassador to the United States, it was learned from official sources this morning.

## MISTRIAL IN SUPREME COURT

Witness Talked in Presence of Jurors in Action Against Hiltbrant Over Sub-Chaser Tank—New Jury Started and Extra Panel Drawn.

When supreme court convened Monday afternoon after the week end recess it was reported to Justice Roach, presiding justice, that a witness had talked of the case in the presence of one of the jurors sitting on the case which was being tried, and after being declared a mistrial the jury was discharged and another jury was taken. The case being tried was the action brought by the Stevens-Alysworth Company, Inc., against the C. Hiltbrant Dry Dock Company at South Rondout. The action is brought for breach of contract and involves a contract for gasoline tanks which the plaintiff was to supply defendant company with for use in the submarine chasers which were built by the Hiltbrant Company during the war. The contract for tanks was cancelled and the plaintiff company brings the action for breach of contract. Arthur O. Townsend with Judge A. T. Clearwater and John W. Eckert appear for plaintiff and Amos Van Ertten with Walter Miller appear for defendant company.

A vast amount of testimony had been taken last week before the week end adjournment. This will have to be gone over again and as the case is an important one it is being very carefully and thoroughly tried. On account of the large number of jurors who were excused for the term and others who were not qualified to sit upon the case, it was only possible to get eight jurors for the new jury Monday afternoon.

Judge Roach ordered an extra panel of 25 jurors drawn to be present this morning at court if Sheriff Kolts could get them here. The sheriff and county clerk drew the extra panel Monday afternoon and as many as could be reached were in court this morning when court convened.

## NEWBURGH-KINGSTON GAME TO BE REPLAYED

Saugerties Not to Play Locals Tonight.

Monday afternoon the disputed K. H. S.-Newburgh Academy game of Saturday afternoon, March 18, was protested by the Kingston officials in a joint meeting held at Newburgh.

The decision arrived at was to have the game replayed at Newburgh Thursday afternoon at 3:30.

If K. H. S. wins the protested game the locals will play Newburgh at Cornwall Saturday; if the Newburghians are victorious they will play Cornwall at the Kingston Y. M. C. A. next Saturday, March 25.

There will be no contest between the Saugerties High team and the K. H. S. boys' varsity this evening. However, the Middlets and the girls' varsity will play representative teams there tonight at Saugerties.

Those who represented K. H. S. at the Newburgh discussion were A. W. Buley and John Tremper, manager of basketball.

## TAXI DRIVER DISCHARGED, COURT WARNS OTHERS

Kenneth Post, a taxi driver, was arrested Monday afternoon by Officer Dempsey for violation of a provision of the cab ordinance in soliciting fares on Railroad avenue otherwise than at the regular designated taxi stands near the West Shore station.

Post was arraigned before City Judge Schirick this morning and after hearing the facts the court discharged Post with a reprimand, this being his first appearance. Judge Schirick stated that it had been brought to his notice that taxi drivers had been making it a practice to solicit passengers while driving along Railroad avenue and in the vicinity of the West Shore, and he would now give notice that hereafter any violation of the cab ordinance section pertaining to soliciting would be subject to a fine, which he would impose.

## TO REPEAT ABETAS LODGE MISTRIAL TONIGHT

The lodge room of Arctas Lodge, I. O. O. F., No. 18, was packed last night with people who had come to see the industrial show given by members of the lodge, and each and every one was well repaid for their coming. From the start to finish the performance moved along finely, the jokes being up to date, and the singing excellent. Many people were turned away unable to gain admittance, but as the minstrels will be repeated tonight those who missed the show last night, if they come early, no doubt will be able to secure a seat.

## RUSSIAN PREPARATIONS FOR HOSTILITIES CONTINUE

By Telegraph to The Freeman.

Riga, March 21.—The Soviet war commissary has mobilized three additional classes of troops, it was reported from Moscow today. The explanation given is that Russia fears an attack on her western frontier.

Leon Trotsky, the Commissar for war, has gone to the front to review the troops.

Announcement is made that the Russians will strengthen the other "fronts" in addition to the western.

## Absolutely False, Says Hughes of Borah Charge

Letter to Senator Lodge Declares U. S. Has No Secret Agreements Whatever With Great Britain—"Misquoted" Wires Cravath.

By Telegraph to The Freeman.

Washington, March 21.—Secretary of State Hughes branded today as "absolutely false" the charge made in the senate that the United States and Great Britain entered into a secret understanding aimed at Japan during the Washington conference.

In a letter he addressed to Senator Lodge, the Republican leader, Hughes declared that "we have no secret understandings or agreements with Great Britain in relation to the four-power treaty or any other matter."

The Hughes letter which Lodge read into the record as soon as the senate reconvened, was the result of a statement attributed by Senator Borah, Republican of Idaho, to Paul D. Cravath, prominent New York lawyer and one of counsel for J. P. Morgan & Co., that the United States and Great Britain had made a secret pact in order to keep a whip hand over Japan with an Anglo-American fleet in the Pacific and the Far East.

Lodge also read a long telegram from Cravath in which the New Yorker declared that the charge was "unfounded" and that he had been misquoted by the Idaho senator.

The Hughes letter was as follows: "Washington, March 21. "My Dear Senator: Notice that the latest charge in the course of the debate over the four-power treaty is that there is a secret agreement or understanding between this government and Great Britain with respect to Pacific matters. Any such statement is absolutely false. We have no secret understandings or agreements with Great Britain in relation to the four-power treaty or any other matter."

"In my letter to Senator Underwood on March 11th, in relation to the four-power treaty, I said: "There are no secret notes or understandings."

"Permit me to express the hope that the American delegates will be saved further aspersions upon their character and honor."

"Faithfully Yours, "CHARLES E. HUGHES," To Hon. Henry Cabot Lodge

Senator Borah was quick to challenge the denials of both Hughes and Cravath.

The Idaho senator read copious excerpts from a printed pamphlet intended for private circulation which he explained bore the title "Proceedings of the Council on Foreign Relations on the limitation of armaments and Far Eastern questions."

The title page, Borah stated, bore the following: "Presiding Judge, John W. Davis, former ambassador to Great Britain; Speaker Norman H. Davis, former under-secretary of state; discussion led by Paul D. Cravath, held at the Hotel Astor, (New York city), February 17."

The brick chimney 110 feet in height that has stood for many years near Abel street not far from the "Welcome to Our City" arch, and was a landmark, was today this morning. The work was under the personal supervision of Charles McMichael and Frank Campbell of the McMichael Campbell Co., Inc. Brick was taken out at the bottom in such a manner that when the chimney fell it tumbled on a line with Abel street toward this city. Many thousands of brick can be salvaged. The chimney was built for the first Portland cement plant on this side of the creek and later was taken over by the late S. D. Cockendall.

The McMichael-Campbell Company, Inc., a general building contractors, are fulfilling their contract at the Vanderburgh House, and have the walls rebuilt which are now in a satisfactory condition. They have a force of men at work building a large cooler for the Jacob Forest estate, wholesale beef dealers and sausage makers on Abel street, and have the contract to construct a bakery and oven on West Union street.

## FOUR DEAD IN NORTH ITALY DISORDERS

By Telegraph to The Freeman.

Rome, March 21.—Four persons have been killed and 20 wounded in fighting between Fascist and Communists in the northern provinces of Piacenza, Bologna and Parma, according to reports received here today.

The Fascists are accused of attacking the Communists. Premier Facta has telegraphed to the prefects of the provinces to act decisively in behalf of peace. The prefects are threatened with dismissal unless they check the disorders.

## PARCELL RESIGNS

John A. Parcell, who for many years has been with the L. R. Van Wagonen Company, has tendered his resignation, which took effect Saturday night.

## SECRETARY CHARGE AMAZES PRESIDENT

By Telegraph to The Freeman.

Washington, March 21.—The United States has no secret agreement of any kind with anybody. It was officially stated at the White House this afternoon in response to the intimations and charges in the senate that a "sympathetic understanding" existed between the United States and Great Britain. The statement was made on behalf of President Harding, who, it was stated, was "amazed" at the "outrageous" suggestion that the United States would invite friendly powers to a conference and then enter into secret agreement with any one of them.

President Harding advised newspaper editors today to "think up strong and vigorous expressions" to deny the truth of intimations that the United States has secret agreements with anybody.

## TRY CASE WITH ELEVEN JURORS

Out of 16 Talesmen Summoned for This Morning Didn't Furnish Enough to Fill Box in Action for Breach of Contract.

Sixteen of the twenty-five jurors summoned Monday afternoon appeared this morning when supreme court convened but from the sixteen jurors it was impossible to secure enough satisfactory jurors to fill the jury box and try the action brought by the Stevens-Alysworth Company against the C. Hiltbrant Dry Dock Company. After the panel had been examined by the court, the case was agreed to try the case with but 11 jurors in the box.

The Stevens-Alysworth Company is not a manufacturing concern but after securing the contract for the tanks, payment for which is in dispute, from the Hiltbrants had the tanks constructed under contract by Mr. Call who operated a sheet metal plant in Philadelphia. Mr. Call when the contract was cancelled by the Hiltbrants, sued the Stevens-Alysworth Company for breach of contract and secured judgment.

From the testimony it appears that the Hiltbrant Dry Dock Company had a contract to build 15 of the 110 foot submarine chasers. They were to be delivered to the government as rapidly as possible. In the spring of 1917, shortly after the declaration of war the Stevens-Alysworth Company agreed to supply the tanks and in a letter promised shipment of tanks about June. The Hiltbrants in their contract specified the time and the number of tanks to be supplied on each date. According to the schedule the tanks would have all been delivered about September 1917. The last shipment being for three sets. However it appears that through difficulty in manufacture the tanks were not delivered according to the schedule and in September Mr. Call, who was to supply the tanks, was still experimenting with the construction.

Some of the tanks were later delivered and accepted by the Hiltbrant company but they allege that on account of the slowness of delivery they were compelled to look elsewhere for the tanks and did purchase tanks from some other concern when the government demanded the completion of the boats.

Under the contract for construction of the chasers the Hiltbrants were penalized for delays in delivery and in order to finally make delivery it was necessary to cut a channel through the ice in the river to enable delivery of the chasers to New York. The contract for the chasers amounted to over \$500,000. The contract for the tanks amounted to over \$12,000.

## ROADS TO RETURN 10-CENT REBATE

By Telegraph to The Freeman.

Albany, March 21. The New York Central and the West Shore railroads will abandon their rule requiring an extra payment of ten cents, without refund, from passengers who pay their fares on passenger trains, the Public Service Commission announced today.

The railroads, effective on March 1 and acting under authority of the Interstate Commerce Commission, put into effect a regulation which required that ten cents extra cash payment when passengers got aboard trains without tickets and the refunding privilege was abolished. The Public Service Commission then directed its counsel to proceed against the railroads for violation of law. The railroads yesterday announced that they would return to the former system of collecting an additional ten cents where fares are paid on trains, but that the slips issued will be redeemable at full value at all stations.

### GALLIA WEIL SONG.

Beautiful Service of Gounod Music Well Rendered and Inspiring.

It has always been the policy of the Church of the Holy Cross to set before the people of Kingston from time to time liturgical music which has come to be recognized as of the best. And so again for three Sunday afternoons during this Lent cantatas are being sung. Sunday afternoon the office of vespers was sung before Gounod's motet, "Gallia." The antiphonal singing of the psalter by priest and people was rich with melody, bringing out the meaning of the psalms as can only be had through the medium of music. The Magnificat was one of Gounod's, too, arranged for a mixed quartet, and inspiringly sung.

In lieu of a sermon, "Gallia," a setting for the opening vespers of the Book of Lamentations, Jeremiah's call to penitence, was sung. The choruses were rendered in a most moving manner, with a thorough understanding of the words and the mood of music, with splendid attack and precision, beautiful phrasing and coloring. The solo work was done by Mrs. A. T. Kohl in a highly commendable manner. Possessed of a voice of singular purity and with excellent control of it, she sang the difficult obbligato with praise-worthy effect.

The offertory was Gounod's "Ave Verum," sung faultlessly, without accompaniment. The entire service was most moving spiritually, of high artistic merit, and Holy Cross Church is to be thanked for giving the people of Kingston these opportunities to profit by liturgical music of such high quality. Next Sunday afternoon the second of the series will be given and the work will be by C. Lee Williams' "Last Night at Bethany," with Mrs. Kohl, Messrs. Clearwater, Moore and La Tour as the soloists.

### MONBACUS HEIGHTS.

Monbacus Heights, March 20.—This place was well represented at Kerhonkson on Monday.

David and Ben Goldberg motored to New York City the first part of the week. David returned after a short stay, bringing a relative with him.

Most every family in this place and vicinity have had some member ill with grip. In some cases the entire family were stricken. Several are still ill.

The sixteenth birthday of Miss Selma Hartelius was delightfully celebrated at the home of her parents on Friday evening. Falling on St. Patrick's Day gave ample scope for decorations, which were carried out in a charming manner. The table was beautiful with harps and shamrocks, the elaborate birthday cake with its sixteen green candles and favors of pretty little green baskets filled with candy.

The menu left nothing to be desired, from oysters as first course, to ice cream, several kinds of cakes, candy, coffee etc. Dancing was enjoyed by the guests; also some choice selections on the piano and violin by our young musicians. The young person in whose honor the party was given received a number of pretty and useful gifts, and all joined in their praise of the event and wishing many returns of the happy occasion.

A few of our local poultry men have their incubators running.

David Quick who is expected to do the wood sawing in this locality, has been delayed by illness.

L. Goldberg and sons have added a porch to one of their dwellings, making a vast improvement.

A part of the road that was badly damaged and almost impassable by the heavy downpour of rain a short time ago, has been repaired recently, we are thankful to say.

L. Van Etten called on the Lennon family Sunday. They were all ill at that time.

A runaway team caused some excitement recently. Fortunately no damage was done.

Miss Selma Hartelius is at home again for a time.

Miss Margaret Smith of Pataunkunk, who has been ill with the grip, and out of school for a time, is spending the week-end with her grand parents here.

Mr. and Mrs. W. Deput and Harold Van Etten spent Sunday evening at the Hartelius home. S. Myerson was a caller also.

David Goldberg has recently returned from a very successful business trip to Canada.

Harold Van Etten spent a very pleasant evening this week with the Rev. A. Quick and wife.

The work on the Myerson building that is being transformed into rooming quarters for the boarding season is progressing nicely and the work on the new building will be started next week.

### King IV.

By Telegraph to The Freeman.  
London, March 21.—King George is slightly ill. All of the royal engagements were cancelled for the day. The king is suffering from a mild attack of influenza.

DECISION ON  
COAL STRIKE TODAY

President Lewis Ready to Head Out  
Call if Meeting With Operators  
Falls to Find Basis for Agree-  
ment.

By Telegram to The Freeman.  
New York, March 21.—A su-  
perb and final effort to avert a  
strike in the anthracite coal fields  
under way this afternoon. A  
meeting of operators and miners  
called for 2 o'clock at the  
union League Club and it was gen-  
erally understood that a general  
strike would be called immediately  
if the negotiations failed.  
It was understood that President  
Lewis was prepared to issue a  
statement at 4 o'clock this afternoon  
calling out all the hard coal miners  
in the 4,000 local districts through-  
out the country.  
Those attending the meeting this  
afternoon were:

For the Miners—President John  
L. Lewis, the United Mine Work-  
ers of America, Thomas Kennedy,  
J. J. Golden and W. J. Brennan,  
members of the sub-committee of  
the scale committee.  
For the Operators—S. D. War-  
ner, W. J. Richards and W. L.  
Carr.  
This meeting was understood to  
be the last resort to attempt to  
avert a general walkout on April 1,  
when the present wage scale ex-  
pires.

## ABOUT THE FOLKS.

Mrs. C. Glaser of 49 Plumbush  
avenue has returned to her home  
after a stay of three weeks at the  
home of her mother, where she was  
convalescing.

PRESIDENT FAVORABLE

## Gasoline Prices Vary Three Cents.

Price of gasoline here are coming  
down as the mercury goes up. At  
most filling stations the price is still  
3 cents but one dealer on Ferry  
road has been selling for 24 cents  
for five or six weeks and today the  
station at the Kingston end of the  
Killingburg ferry began selling at 24  
cents. Gasoline has also been pro-  
mptly at one North Front street sta-  
tion for 25 cents for some time.

## Basketball at Lanesville.

On Friday night the Lanesville  
gymnasium will meet the Chichester  
franchise on the Lanesville court. The  
franchise consist of three Chichester  
players and two Phoenixia players  
and an interesting game is expected.  
After the game Foster's orchestra  
will furnish music for dancing. Re-  
freshments will be served at the hall.

## Richard Jury Secured.

By Telegram to The Freeman.  
New York, March 21.—The jury  
has been completed this afternoon at 1:10  
o'clock in the trial of "Tex" Rick-  
ard, famous fight promoter, who is  
charged with abduction and assault  
of 15-year-old Sarah Schoenfeld.  
The court then recessed for an hour.

## Almanac Says It's Spring.

Today is the first day of almanac  
spring and a few flakes of snow fell  
this noon. Dandelions were in bloom  
today on the grounds of the old up-  
per office of the D. & H. Canal Co.,  
near the city terminal of the Ron-  
dout Creek Bridge. Robins have  
been reported off and on all winter.

tional Paper was 1/4 higher at 45 1/2  
and Pacific Oil showed a gain of 1/2  
at 49 1/2.

There was continued irregularity  
in the market during the forenoon.  
Many issues rallied after early pres-  
sure, others that made gains being  
later in supply. Baldwin rose 1/4 to  
107 1/2 and Bethlehem Steel B. sold  
up to 88 1/2. U. S. Steel lost 1/4 to  
94 1/2. New Haven advanced 1/4 to  
18 1/2. Consolidated Gas advanced a  
point to 109 and Studebaker was a  
point up at 104 1/2.

The market was quiet during the  
afternoon. New Haven continued a  
strong feature, selling at 19 1/2, an  
upturn of over 2 points. Studebaker  
rose over 1 point to 105 and Mexican  
Petroleum made a gain of over 2  
points to 123 1/2. Baldwin Locomo-  
tive after touching 105 1/2 fell to  
107 1/2. Pittsburgh Coal rose 1/4 to  
62 1/2.

The market closed irregular; gov-  
ernment bonds unchanged; railway  
and other bonds strong.

## Three Doctors Always at Hand.

The first monastery of the Bene-  
dictine order was founded by St. Bene-  
dict at Subiaco, in Italy, in 515. The  
Directorium Salernum, a work pub-  
lished by the medical school at  
Salerno, then the foremost in Europe,  
taught that "If you can't find a doc-  
tor, remember that you always have  
three doctors at hand—good spirits,  
good rest and moderation in diet."  
The cloister was the busiest place in  
the monastery. Here all the monks  
not engaged in other work spent the  
day writing and illuminating manu-  
scripts and books. Each one had a  
special seat in the cloister allotted to  
him. During meal times no conversa-  
tion was allowed in the dining room,  
the text for the day being read out to  
the monks from a pulpit.

## Camera Is Mystery to Indians.

In Chiapas, the most southern and  
probably the least developed state of  
Mexico, there are 14 distinct tribes of  
Indians. Each of these tribes has a  
language of its own, but they all have  
one characteristic in common. They  
do not mingle with the white people  
who live in that part of the country,  
and it is difficult to learn much about  
their life and habits. Cameras are  
mysterious and terrible to them, and  
it is seldom possible to persuade a na-  
tive to have his picture taken. There  
is an unbroken but persistent report  
among the white inhabitants of  
Chiapas that these Indians have some  
means of communicating across dis-  
tances of many miles.

## TWO KILLED IN AUTO ACCIDENT

Henry Graves and Thomas Battered to  
Have Been Running Headless When  
Car Hit Stone Wall.

By Telegram to The Freeman.  
 Tarrytown, N. Y., March 21.—  
 Henry Graves, 3rd, New York banker  
 and grandson of the founder of the  
 Atlas Portland Cement Company, and  
 Thomas Wilson, of Doherty's Ferry, his  
 chum, were killed early today when  
 an automobile in which they were  
 riding, crashed into a stone wall and  
 overturned on the Sawmill Road four  
 miles east of here.

Duncan Graves, brother of the  
 banker, believed to have been driving  
 the car, was seriously injured. He  
 was unable to give an account of the  
 accident today. There were only three  
 occupants in the car.

Both Graves and Wilson were  
 members of a newly-organized force  
 of "gold badge" deputies and a  
 citizens' vigilance committee, formed  
 after Graves' home at Arden-on-  
 Hudson was robbed of \$25,000 in  
 jewels three weeks ago. It is believed  
 they were looking for bandits at the  
 time of the accident.

## Rated High all Over the World

Almost everywhere abroad—east or west—  
 you will find a decided preference for the  
 Hupmobile as representative of the best  
 that America produces.

Why do foreign lands rate the Hupmobile so  
 high? For precisely the same reasons it is  
 rated high at home—its recognized value, its  
 recognized ability, its low costs and its long life.

Most of all, perhaps, for its splendid self-  
 reliance, which makes the Hupmobile a  
 favorite for travel through wild and sparsely  
 settled regions.

It is this quality of self-reliance which  
 above all its other remarkable attributes,  
 has won the lasting admiration of motor  
 car buyers everywhere.

## REPUBLICAN WON MAINE ELECTION

Reduced Plurality Given Nelson For Congress, However, Is Interpreted By Democrats As Rebuke To Administration.

By Telegraph to The Freeman.

Augusta, Me., March 21.—The special third district congressional election, which resulted in the election of a Republican, was being interpreted variously today. The Democrats claimed that the choosing of John T. Nelson with 16,598 votes as against the 10,358 votes given his Democratic opponent, Ernest McLean, was a slim victory and a rebuke to the Republican administration. Although in campaign speeches, Nelson had appealed for a plurality of 19,000, the margin given his Republican predecessor in 1920, he expressed himself entirely satisfied with the result of the election. The vote cast was very light.

### LITTLE TRAIN SERVICE IMPROVEMENT HOPED FOR

From West Shore Road, Says Newburgh News.

An editorial in the Newburgh News says:

It is gathered from statements made by representatives of the passenger department of the New York Central at a conference in Newburgh recently with representatives of Chambers of Commerce of various towns that if the Central makes concessions to Newburgh in West Shore train service, other towns will want concessions, with the result the mathematically precise train schedule will be knocked all to pieces. This merely confirms our impression that the Central's view of Newburgh is that of a tank town, to be ranked as little higher perhaps than Jones Point and Cedarcliff but no higher than any of the many villages along the West Shore. It might be well to make clear here and now that it is not "concessions" that Newburgh is after but a real train service. It is not a matter of compromise at all. The question at issue is whether the West Shore is a railroad able to stand by itself and whether the owning corporation, the Central, is under any obligation to furnish West Shore towns with the accommodations that towns on any other railroad are provided with as a matter of course. We know perfectly well what the Central's policy is. We know it is using the West Shore for freight and it wants to make people living on this shore cross the Hudson to get trains of any importance. Furthermore, it wants to divert excess earnings of the West Shore to east shore improvements. The futility of talking and pleading with Central officials was evident long ago and has been emphasized by the latest conference. Sooner or later it will be necessary for West Shore towns from Weehawken to Albany to unite in an appeal to the interstate commerce commission for the restoration of train service. Newburgh and Kingston are in the humiliating position of being, in all probability, the only cities in the country of any considerable size without through train service.

### HURLEY.

Hurley, March 20.—At the regular prayer meeting held last Thursday evening in our village church, the following men were elected to the consistory: Messrs. Charles A. Snyder and Jacob Merritt as elders for two years, and Mr. Dixon for one year to fill the vacancy caused by the resignation of Mr. Dunn. Mr. Osterhoudt is the fourth member. Messrs. Hotelling and Thielphave were elected as deacons for two years; the other deacons are Messrs. Brink and Osterlund.

The newly made kitchen in the basement of the church is now ready for the installation of the proper appliances and appurtenances appropriate for kitchen use. The roominess and convenience of the room appeals strongly to all, especially the men folk, who, for years, have been obliged to work in the cramped quarters hitherto available for kitchen use.

**U. S. MAY SHARE MESOPOTAMIAN OIL**

By Telegrams to the Press.

London, March 21.—Great Britain is expected soon to give assurances of her willingness for the United States to participate in the exploitation of the gigantic Mesopotamian oil fields, it was learned in authoritative circles this afternoon. (Mesopotamia was formerly a part of the Turkish empire. Great Britain secured a mandate for the territory at the peace conference and it was generally understood that the British were really after the great undeveloped oil fields. Later the British transformed the district into a kingdom with Emir Faisal on the throne. It is now known as the kingdom of Iraq.)

It is likely that if Britain gives America an opportunity to share in the rich undeveloped petroleum fields of Mesopotamia, the Standard Oil Company will secure the coveted concessions.

A. C. Bedford, chairman of the board of the Standard Oil Company of New Jersey is in London at the present time conferring with British officials and officers of the Anglo-Persian Oil Company, the British concern which controls the Turkish and Persian oil fields.

Mr. Bedford was scheduled to make an important address before the British Petroleum Institute to-night but suddenly cancelled the engagement. He explained that no significance was to be attached to his refusal and that the only reason for it was that he had not been given enough time.

Mr. Bedford is seeking a working agreement between his company and the Anglo-Persian Oil Company. From London he expects to go to Paris and Genoa.

**HELPING 19,000,000 PEOPLE**

About 19,000,000 people are insured in the Metropolitan—over 10,000,000 under weekly premium policies. The weekly calls of Agents at the policyholders' homes provide a wonderful opportunity for health and welfare work.

The Company has accepted the opportunity and to-day it is at the forefront of public health in America.

**14,000,000 VISITS BY TRAINED NURSES**

Free nursing service is given to industrial policyholders in 2,800 cities and towns. Trained nurses not only heal the sick but teach right living. About 14,000,000 visits have been made—2,116,875 in 1921 alone. Numerous letters tell of lives saved.

**DISCOVERING DISEASE IN TIME**

Free medical examinations often disclosing incipient disease in time to cure it, are granted to Ordinary annual premium policyholders, subject to reasonable conditions.

**HELPING THE EMPLOYER TO HELP**

Employers insuring their employees under Group policies are advised regarding health conditions and accident prevention, while the employees receive the benefits of nursing service and welfare literature.

**236,000,000 PIECES OF LITERATURE**

Attractive booklets and pamphlets in great variety, dealing with the important phases of health and disease, and prepared by leading experts, are distributed broadcast. So far, 236,000,000 copies have been distributed—25,000,000 in 1921.

In addition, 18,000,000 copies of The Metropolitan health magazine, are issued annually.

**A CITY THAT IS WATCHED**

In Framingham, Mass., the Metropolitan is leading the way in a great experiment, watched by health authorities throughout the country, to demonstrate what proper municipal health regulation can do. Deaths from tuberculosis have dropped from 121 per 100,000 to 40 per annum.

**HOW WAS IT DONE?**

Records kept by the Metropolitan Life Insurance Company show an extraordinary decrease in the death rate among its industrial, or weekly premium, policyholders. Comparing 1921 with 1911, for example, there were 55,000 less deaths in 1921 than there would have been if the 1911 death rate had prevailed.

What brought about the great saving of life?

The general public health movement—progress in medical science and sanitation other causes, perhaps. But a very great factor has been the tremendous health campaign carried on by the Metropolitan itself. This page tells a part of the story.

The Company issues policies from a Hundred to a Million Dollars of Insurance. In fact, its Ordinary is now larger than its Industrial. The Company also issues Health and Accident Policies—minimum \$5,000.

**FOR THE NATION'S HEALTH**

144 health exhibits and emergency hospitals at county fairs last year, 295 "Clean up" campaigns, agitation by Agents for health legislation, nationwide campaigns against special diseases, sickness and sanitary surveys, a study of municipal health departments, leadership of practically all American work relating to hygiene—these are some instances of the Metropolitan's activity in the interest of public health.

**HOMES FOR 17,744 FAMILIES**

In the investment of its funds, the Metropolitan is now giving preference to loans which will aid housing. During 1920 and 1921, for example, made and pledged loans of \$45,590,000, on new dwellings and new apartment houses, providing homes for 17,744 families.

**GREAT DECLINE IN DEATH RATES**

The death rate among Industrial policyholders reached its lowest point in 1921 at 9.75, lower than in 1911. The rate on Industrial policyholders, nearly 30% reduction, decrease of child death nearly 100%. The "Operation of Life" of white males, reckoned from age 10, increased 4 years.

**PUBLIC APPRECIATION**

The American people have made the Metropolitan the greatest life insurance company in the world, with \$7,005,707,839 of Insurance in force.

It leads not only in Industrial but in Ordinary. More than a half of its business is for Ordinary—\$3,892,267,274—which is more than that of any Company in the world.

**THE FUTURE**

The Metropolitan will continue its endeavor to offer the best there is in life, health and accident insurance, and to save human life. Continued growth will give the Company still greater opportunities to serve the American people in their homes, in their work and in their leisure.

**Shoes That Fit the Springtime**

When spring comes, and leaves bud, and the grass grows green, and the air turns soft and warm and fragrant, aren't you going to feel a lot of things? Of course you are. Winter is old age. Spring is youth. Prepare for it now. Start now to feel young. Buy flexible, comfortable shoes. Nothing in your wardrobe can hurt you more than the wrong kind of shoes.

For appearance, you will like Cantilever Shoes, with their graceful, sensible lines, their modish low and medium heels, their fine materials and fine workmanship.

SO COMFORTABLE!

For comfort, and the avoidance of all troubles which so many women needless experience, Cantilever Shoes are in a class of their own, famous and praised the country over. They are made with flexible arches and the rigid shanks you get in ordinary shoes. This flexibility of the Cantilever Shoe, permitting free circulation and strengthening action of the foot muscles, enhances the grace and youth of your walk.

Cantilever Shoes keep your feet from getting tired, help you enjoy the out-of-doors, improve your health. You will enjoy wearing Cantilevers for their trim appearance as well as their comfort.

**HOW TO GET COLORED CLOTHES CLEAN WITH-OUT FADING THEM**

Colored clothes seem to get more than their share of dirt. Play-clothes the children romp in—colored shirts and overalls the men work in—house dresses and kitchen aprons.

Haven't you done three-fourths of your washboard rubbing on those things? Rubbed till the color came out with the dirt?

Don't rub them again. Just soak them clean in Rhiso suds. A half hour in these big lasting suds gently loosens all the dirt without weakening a single thread. Only the worst spots of all need a light rubbing. Try a little dry Rhiso on checks.

Rhiso, the new kind of soap, is replacing bar soap in American homes.

**PALENTOWN**

Palentown, March 20.—We are sorry to hear that Miss Beatrice Gray of this place is ill at the home of her aunt in Kingston.

Lucmer Traver and daughter Mildred were callers in Kerhonkson Tuesday.

Kerhonkson, March 20.—On Thursday evening, March 23, at 8 o'clock the play, "Aunt Dinah's Quilting Party," will be given in the K. of P. Hall, Kerhonkson, for the benefit of the Methodist Church. The cast of characters has been drawn from both the older and the younger members of the church, and the performance, which includes a great many of the old familiar songs besides an interesting plot, promises to be a fine one.

**Starvation on Sunday.**

The medical correspondent of a prominent London paper attributes much of the illness of the world to the custom of eating on Sunday, the day on which most of us take the least exercise. He advocates Sunday as a day of abstinence and says we would all be better for it.

## CABINET FINDS LOTS TO WORK ON

By Telegram to The Freeman.  
Washington, March 21. President Harding met with his cabinet today for the first time in several weeks.

An imposing array of business, both foreign and domestic, has accumulated in the interim, and nearly every member of the president's official family went to the meeting today with one or more problems to be considered.

Chief among the matters of domestic policy is the coal strike. Secretary of Labor Davis has prepared a complete report for the cabinet on the impending coal crisis, reporting the failure of the administration to bring about a joint conference between operators and miners, under the terms of the 1920 contract.

Unless there is a decided change of front on the part of the operators in the next ten days, a nation-wide strike will become effective one week from Saturday.

Secretaries Weeks and Denby both took to the cabinet meeting complete reports on their conflicts with congress over the drastic slashing of the army and navy which congress seems bent upon.

Despite repeated warnings from both Weeks and Denby, backed up by general officers of the army and navy, congressional economists are stubbornly going ahead with plans to cut the army down to 115,000 men and the navy to 65,000 or less. Denby and Weeks will appeal to the White House for full executive power to curb congressional action, if not in the house, then in the senate.

The controversy with the Allied powers over the payment of the American bill of \$241,000,000 for the upkeep of the American troops on the Rhine, formed the major part of Secretary Hughes's contribution to the cabinet budget.

The prompt order of withdrawal of the troops, in the face of the allies' disposition to delay settlement, is expected to have a salutary effect abroad. For one thing, a cabinet officer said today, it would serve notice on the European governments that this government does not intend to "haggle" with them over the matter.

This fact will be further impressed upon them shortly in the identic notes which Secretary of State Hughes is preparing to send them. The attitude of the state department is that it would be "unbecomingly" of the United States to be drawn into a petty controversy over a matter in which American rights are so clearly established.

The cost of upkeep for the occupational troops was guaranteed under the armistice terms, and made a first mortgage on Germany's indemnity payments under the Versailles treaty. Therefore, if the allies are disposed to question America's right to payment, then no other recourse was left but to order the troops home, officials said, particularly in view of the fact that the troops were left there only at the express request of the allied governments.

**PIERCE'S TRUCK HIT**

AT CATSKILL, SUNDAY

A Ford truck driven and owned by J. J. Pierce of Kingston, says the Catskill Mail, was struck by an automobile of L. B. Thayer of New York city, Sunday, at 4:30 p. m., at Catskill. The Thayer car was coming down Main street, and had the right of way, and Pierce not having given a signal concluded to make no complaint and he went to a garage and had the broken wheel repaired.

## GEORGIA WILL APPEAL TO GENOA

By Telegram to The Freeman.  
London, March 21. Representatives of the state of Georgia, in the Caucasus, are planning to appeal to the Genoa economic conference, charging that their country was invaded and violated by the Bolsheviks. It was learned today. The Georgians want the Allies to secure satisfaction for them.

Georgia formerly was a part of the Russian empire. When the empire broke up Georgia became a separate state. When the Bolsheviks came into power in Russia, Georgia was overrun and since then Georgia has been regarded as a red state.

The Allied experts who are in session here working out the details of the economic program at Genoa, have taken up the proposals made by Italy for the reconstruction of Russian markets. Italy is understood to favor rehabilitation of Russian transport as the best means of restoring normal trade and trade facilities.

**LORD READING WOUNDS TIGER CHARGING HIM**

By Telegram to The Freeman.

London, March 21. Lord Reading, British viceroy to India, and former British envoy in the United States, had a narrow escape from death during an Indian tiger hunt, said a Jaipur dispatch to the Daily Express today. Natives had set fire to the jungle brush to chase the game into the open. A tigress frightened and maddened by the flames, made a dash for the viceroy. He remained cool and fired upon the animal, wounding her. She was killed by natives.

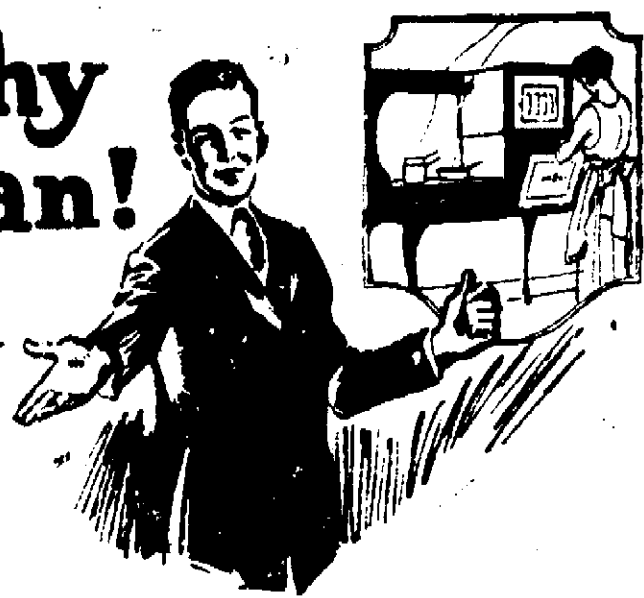

**GREENE COUNTY RAIDERS SEIZE STILLS AND WET GOODS**

District Attorney Curtis of Greene county who has made a number of hooch raids in the mountain section, Sunday night with Officers John and James Fitzsimmons and search warrants raided Neil Van Valkenburgh at Lexington and Samuel Miller at Prattville. At the

former place they seized two stills and a quantity of mash. At Miller's place at Prattville they found several gallons of what is claimed to be hard cider and whiskey. Complaints had been made against the two for illicit selling.

## Unsightly

## Skin disorders on Face.

It is well known that pimples and blackheads (acne) and boils are often caused by errors of diet.

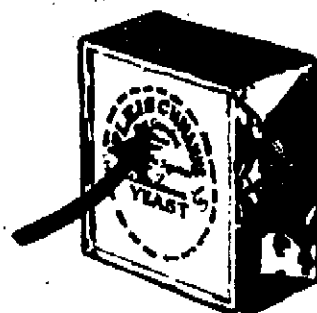

Fleischmann's Yeast is now being recommended for these embarrassing and painful skin troubles because fresh yeast corrects the errors of diet which cause them.

The surgeon of one important New York hospital states: "I have used yeast extensively and found it invaluable in curing boils." When 17 cases of pimples (acne) were treated with Fleischmann's Yeast at hospitals in New York and Philadelphia the results were remarkable. Typical of these was the case of a young man who had suffered with pimples for three years. He ate three cakes of Fleischmann's fresh yeast daily before meals. In five weeks the eruption had cleared completely.

Today physicians and hospitals are using Fleischmann's fresh yeast as the most efficacious remedy for pimples and boils.

## Fleischmann's fresh yeast

## rids you of them

If you are ever troubled with pimples or boils, begin at once to correct them by eating 2 to 3 cakes of Fleischmann's fresh yeast every day before or between meals.

MATTERS BEFORE  
THE SURROGATE

The will and codicil of Mrs. Ida Fischer of this city have been admitted to probate by Surrogate Kaufman in the surrogate's court. Mrs. Fischer directs the expenditure of at least \$1,000 for a monument to be erected over her grave in Montrose Cemetery and bequeaths \$200 to the trustees of the cemetery for the perpetual care of her burial lot. A gold watch and chain are bequeathed to her daughter, Ida Ackerman; diamond ring to her son, Carl G. Fischer; diamond ear rings and diamond brooch to her daughter, Emma Weber; the balance of her jewelry to the two daughters mentioned. The Fischer Hotel property on the Strand, with its contents, furniture and fixtures, and the property in the rear, on Catherine street, are given to Carl G. Fischer; the property on Union and Hunter streets is given to the two daughters; the balance of moneys in the bank after the payment of expenses is given to the daughters, and all money in the house at the time of her death is given to Carl G. Fischer. By the terms of the codicil, no part is to be charged to Carl for the house property either before or after the death of the testatrix. Carl G. Fischer and Emma Weber are appointed executors. The will was executed April 12, 1910, and the codicil August 5, 1911, and both are witnessed by Frederick Stephan, Jr., and William F. Brodbeck. The value of the real estate is \$10,000, and the personal property amounts to more than \$10,000. Frederick Stephan, Jr., appeared for the executors.

The will of Harriet F. Covert of the town of Marlborough was admitted to probate. The testatrix gives her estate of \$2,500 real estate and \$500 personal property to her daughters, Luella E. Wygant and Cora M. Covert, and appoints Luella F. Wygant and William Wygant executors. The will was executed October 10, 1912, and witnessed by Ethel Frazier and James J. Frazier. John Rusk appeared for the executors.

The will of Maria Duffy of Kingston city was filed and a citation for its probate issued returnable April 25. The testatrix gives her real estate to her sister, Catherine Norton, and the balance of the estate to her niece and nephew, Mary and John P. Norton. Mary Norton is named executor. The will was executed February 4, 1922, and witnessed by Chris. A. Murray and Frances C. Maceo. The value of the estate is \$1,000 and the personal property amounts to \$300. Chris. A. Murray appeared for the executors.

The will of Fortunata Russo of the town of Marlborough was filed and a citation for its probate issued returnable March 29. The testatrix gives her estate to her husband, Vincent Russo, and appoints him executor. The will was executed October 26, 1917, and witnessed by Lester Mackey, John Leto and John Rusk. The value of the estate is \$5,000 real estate.

Letters of administration on the estate of Abraham Epstein of Kingston city, sometimes known as Abraham Mirsky, were issued to his widow, Sarah Epstein. The value of the real estate is \$500 and the personal property amounts to \$1,600. Jacob Levy of New York city appeared for the administrators.

Letters of administration on the estate of Titus Goldstein of Ellenville were issued to his widow, Leah Goldstein. The value of the real estate is \$5,500 and the personal property amounts to \$500. Lagardie, Sapinsky & Amster of New York city appeared for the administrators.

The report of County Treasurer Lounsbury, as appraiser under the taxable transfer act, was filed in the estate of Michael Lowery of the town of Rosendale. The personal property amounts to \$17,324.60, the real estate is valued at \$248,261; the debts, commissions, expenses of administration, etc., amount to \$1,506.42, leaving a net estate of \$16,066.44, of which Elizabeth Lowery, the widow, is entitled to \$6,004.92; and the sum of \$2,698.42 is to be distributed to each of the four children, William, Frank and Mary Lowery of Creek Locks, and Bessie McDonald of Augusta, Ga. The state inheritance tax amounts to \$10.95. The estate consisted principally of three canal boats, whose appraised value is \$16,000. Frank Lowery, the administrator, was represented by Van Eiten & Cook; Andrew J. Cook appeared for the state comptroller.

Reports of appraisal also were also filed by County Treasurer Lounsbury in the following estates: Charles A. Davis of Kingston City. Supplemental report showing bank deposit of \$2,068.25, Clara L. Davis, the executrix, was presented by Brinley, Canfield & Brinley; Andrew J. Cook appeared for the state comptroller.

Charles R. Atkins of the town of Esopus. Value of personal property, \$4,136.09; real estate, \$2,000; debts, commissions, expenses of administration, etc., \$531.15; net estate, \$5,604.94, which goes to the widow, Eliza B. Atkins, who is also executrix. The state inheritance tax amounts to \$6.95. Henry E. McKenney appeared for the executrix; Andrew J. Cook appeared for the state comptroller.

COLONIALS PLAY AT  
SAUGERTIES MONDAY

And If Deciding Game Is Needed, It Will Be Played Here.

Saugerties A. C. basketball team will wind up their home schedule for the season next Monday evening, when they meet the fast traveling Colonials of this city. These two teams have met once before this season, and the game was the best played on the Saugerties court, ending in a 16-17 victory for the Saugerties boys. If Kingston should win this game the deciding game will be played in the armory, and it most likely will prove a corker. The winner of these two teams will also be classed as the champion semi-professional team of Ulster county. The lineup for next Monday's game will be selected from these men: Colonials—Roe and Murphy, forwards; Spall, center; Lehr, Sills and Russo, guards; Saugerties—Bolton and Johnson, forwards; Murray, center; Keeley, Robinson and Styles, guards. Manager Sills of the Colonials expects to turn in another victory.

## LAST NIGHT'S FIGHTS.

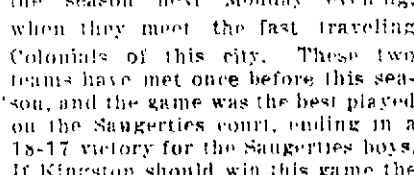

Benny Leonard Outpoints Johnny Clinton.

By Telegram to The Freeman.  
At Boston. Lightweight Champion Benny Leonard outpointed Johnny Clinton in 10 rounds.

At New York—Joe Burman, of Chicago, awarded judge's decision over Midget Smith in 12 rounds. They are bantamweights.

At Newark, N. J.—Louis Firpo, heavyweight champion of South America, knocked out Sailor Tom Moxley in the seventh round of a scheduled 12-round bout.

At Philadelphia—Bobby Barrett, lightweight, knocked out Hyman Gold of California in the third round of a scheduled 8-round bout.

J. W. Brooks-Ladd

Alleging that John Wood Brooks-Ladd, millionaire secretary of a Chicago metal firm, "jilted" her after promising to make her his wife, Miss Ethel Jay French is suing him for \$50,000.000. This is the most staggering sum ever asked as recompense for a "broken heart." It was through the persuasion of a business associate, declares Miss French, that the millionaire refused to marry her.

BURNMAN WINS AT LAST  
SEASON BOUT AT GARDEN.

By Telegram to The Freeman.

New York, March 21.—By virtue of his 12-round victory over Midget Smith in Madison Square Garden last night, Joe Burman of Chicago today was in line for a bout with Johnny Buff for the bantam weight title. Burman avoided Smith's dangerous right at the same time pilking up points by inflicting body punishment on Smith.

Pepper Martin was disqualified in the third round of his bout with Sammy Seiger when he struck Seiger low.

The show was the last of the winter season in the Garden.

## Kilbane Sells For Europe.

By Telegram to The Freeman.

New York, March 21.—John Patrick Kilbane, more familiarly known in pugilistic circles as "featherweight champion Johnny Kilbane," today leaves these shores bound for England, leaving behind him a host of disappointed featherweight mite-wielders who had hoped to snare the champion into a match. Kilbane expects to be gone about two months.

## Cook-Beckett Bout April 10.

By Telegram to The Freeman.

London, March 21.—The scheduled boxing match between George Cook and Joe Beckett has been postponed until April 10, it was announced today.

## Palm Tree of Scripture Nature's Gift

The palm tree of Scripture is understood to have been the date palm. For all the centuries that man has lived on earth the date palm has furnished food and shelter. Its timber and its foliage have their uses even now. Sugar, date sugar, is made from its sap just as maple sugar is made from the sap of the maple tree. Its sap has been fermented into wine for scores of centuries, and that sap for many ages has been distilled into a brandy that is as fiery and overwhelming as apple brandy, peach brandy and grape brandy.

## Seeing With the Hands.

The inherent sense most people have of "feeling" someone in their presence in a carefully darkened room is to be named carefully and developed. "A totally blind man in a pitch-dark room was told to hold his hands palm upwards. Then a powerful infra-red light was turned on them. The blind man saw the light with his fingers."

CEMENT BOAT TOW  
STARTS SOUTH

A tow left Hudson this morning in charge of the E. H. Mead for down the river with loaded cement boats, there being a big demand for cement in New York city. Boats were picked up at Saugerties and Glasco, which will be brought into the creek, by the Hercules, which will coal up. The loaded cement boats from Hudson will be rushed through to New York.

NEW YORK JUDEAS  
DEFEAT LOCAL JUDEAS.

The Young Judea basketball quintet of this city journeyed to New York city Sunday afternoon and lost out in a close contest with the Young Judea team of that place at the Jewish Central Institute by a 23 to 18 tally. Lehner did the best work for the Kingston boys, caking four from the floor during the contest.

Stefman, of the New York team, played the best game and was also the big point getter, making good seven two-pointers. The score:

Experts of the Italian Army Air Service have perfected the smallest lighter-than-air dirigible in the world. The new craft is only 117 feet long and 28 feet wide. It travels at the rate of forty-five miles an hour. The new craft, equipped with two 40-horsepower engines was constructed by the same men who built the giant Roma, purchased by this country from Italy, which fell at Hampton Roads, killing thirty-four men.
